

## **JAL Strengthens US West Coast Network with Kalitta Air Cargo Codeshare Agreement**

Japan Airlines Co. Ltd. (JAL), Kalitta Air L.L.C. (Kalitta) and Pacific Air Cargo L.L.C. (PAC) have reached a cargo codeshare agreement. The flights between Honolulu and Los Angeles, which are operated five times a week by Kalitta, will be coded with JAL's flight number from December 01, 2012.

Kalitta is a U.S. Air Cargo Carrier providing both chartered and scheduled transportation services worldwide using its 22 Boeing 747 freighters. Kalitta flies between Honolulu and Los Angeles for PAC and PAC is the cargo sales and handling agent for Kalitta.

JAL has a long history of offering interline services using this freighter flight which is also known as "New Hawaiian Express" (NHE) or "J-SURF". JAL has been the pioneer for this type of air cargo transportation service from Asia to US mainland via Honolulu.

To enhance the NHE/J-SURF services to our customers, JAL has recently negotiated a cargo ground handling agreement with PAC prior to the codeshare agreement.

The codeshare and unified handling agreement in Honolulu enables JAL to sell Honolulu as a gateway network for JAL flights, offering seamless cargo handling to our customers.

### **New codeshare flights from December 1, 2012**

Flight	Route	Dep.Time	Arr.Time	Days of Operation	Aircraft Type
