Dear Valued Customer,

Japan Airlines Co., Ltd.

Suspension of acceptance for short-nosed dog breeds

Thank you for your continued support to JAL CARGO.

JAL Group has been taking measures to transport live animals as safe as possible through consultation with veterinary experts. Therefor we have been suspending handling of French Bulldogs and Bulldogs throughout the year from the viewpoint of safe transportation. However, since we cannot exclude the same risks for other short-nosed dog breeds, we have decided to expand the handling suspension on international flights as follows.

We would appreciate your understanding and cooperation.

- Details -
