【Information】 Changes to CDC requirements for dogs bound for the United States

Thank you for your continued support for JALCARGO.

Restrictions on the dogs bound for the United States will be changed according to the notification from the Centers for Diseases Control and Prevention (CDC)。

We would like to inform you as follows and your understanding and cooperation will be highly appreciated.

1. Valid from: Arrive in USA from 01AUG2024
2. Details: New requirements apply to all dogs entering the United States. Restrict the entries of the dogs from countries and regions classified as high risk of rabies, as well as dogs that have been in a country or region with a high risk of rabies during the past 6 months.

【Main Conditions】

- Only healthy dogs over 6 months old can enter the country.
 - Upon entering, it is mandatory to transplant a microchip according to ISO standards and write the chip number on the document.
 - Foreign vaccinated dogs from DMRVV high risk country* is only permitted to enter the country from the designated airports (ATL,LAX,MIA,JFK,IAD,PHL) with both CDC Quarantine and CDC Registered Animal Care Facility (ACF).
- *China(except Hongkong, Macao, Taiwan)、India、Indonesia、Malaysia、Philippines、Russia、Thailand、Vietnam

Please check the details on the CDC website(English only)。

3. Handling upon reservation:
Please add to your reservation information that documents which meet the new CDC requirements will be provided.
4. Others: Please note that various expenses including freight will be charged if it needs to return to origin airports which does not meet the requirements.

Please contact our sales representative if you have any question.
