

Introduction of “J LINK Service”

JAPAN AIRLINES

1. J LINK Service Introduction

Seamless connection service for major Japanese cities to/from overseas

JALCARGO offers a smooth, seamless service connecting international and domestic flights utilizing the features of Haneda airport, the main hub of JAL CARGO Network.

1. Shorter Transport time

⇒ Utilizing our extensive international and domestic route networks

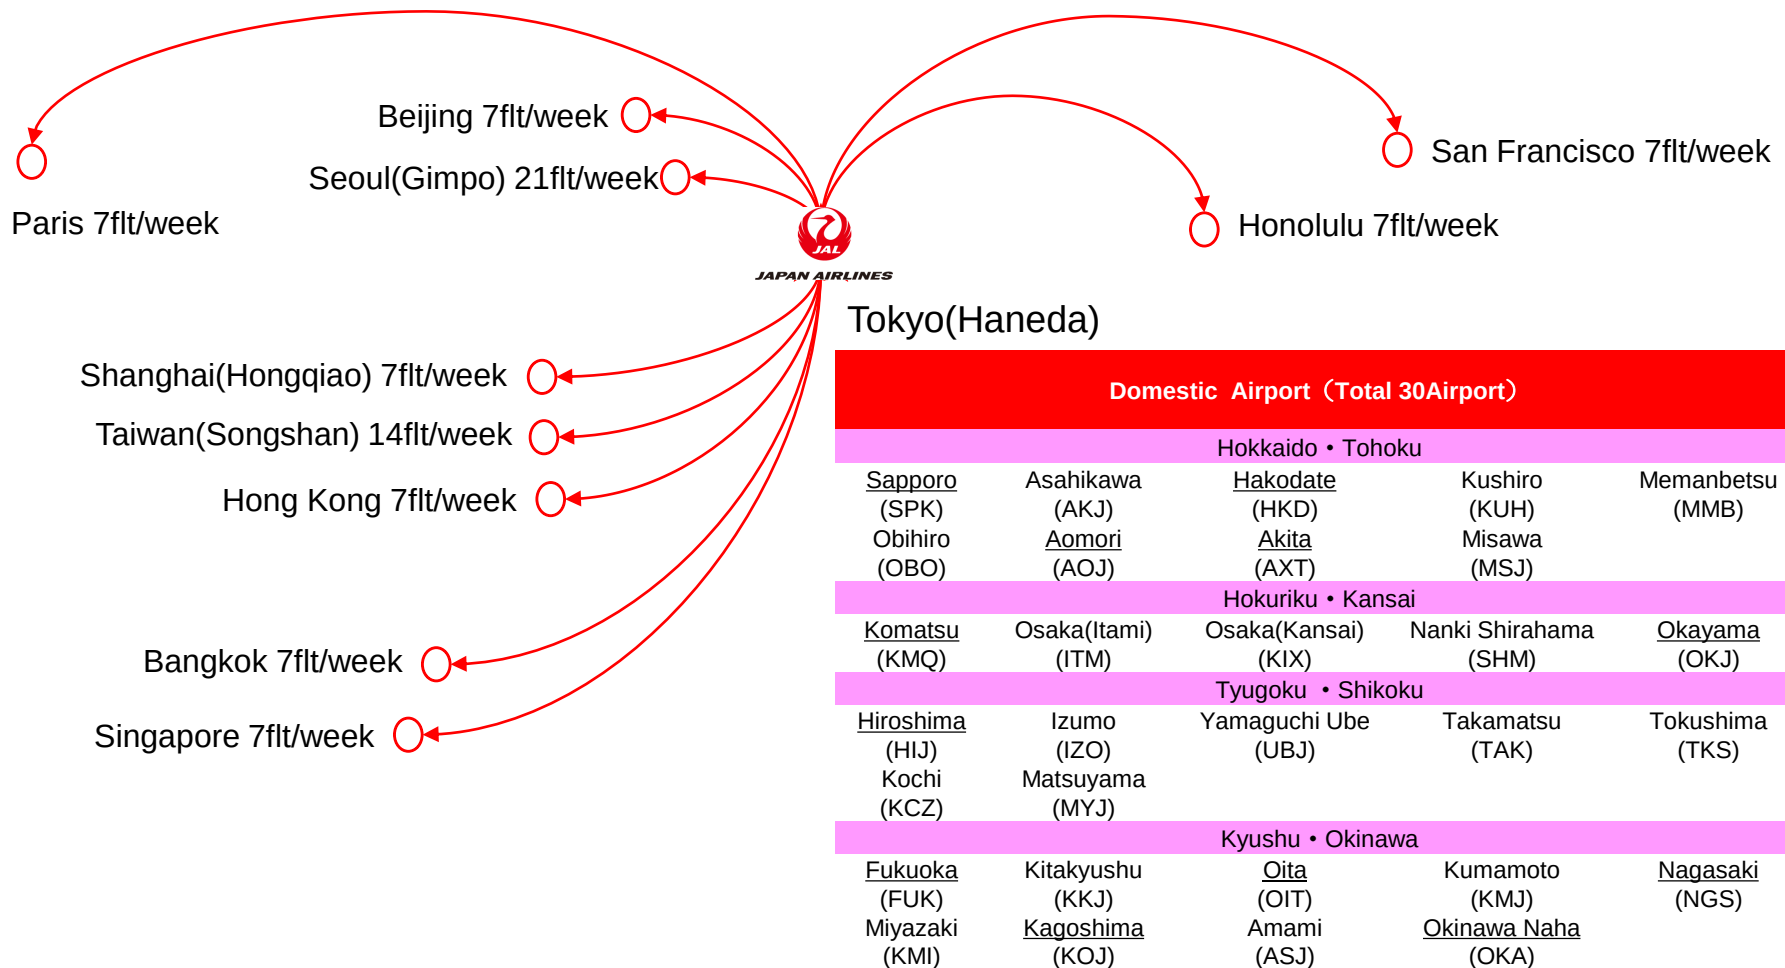

2. Trace your cargo over JAL's Website

⇒ We provide seamless service to/from all airports in Japan with JAL CARGO quality

1. What's J LINK Service

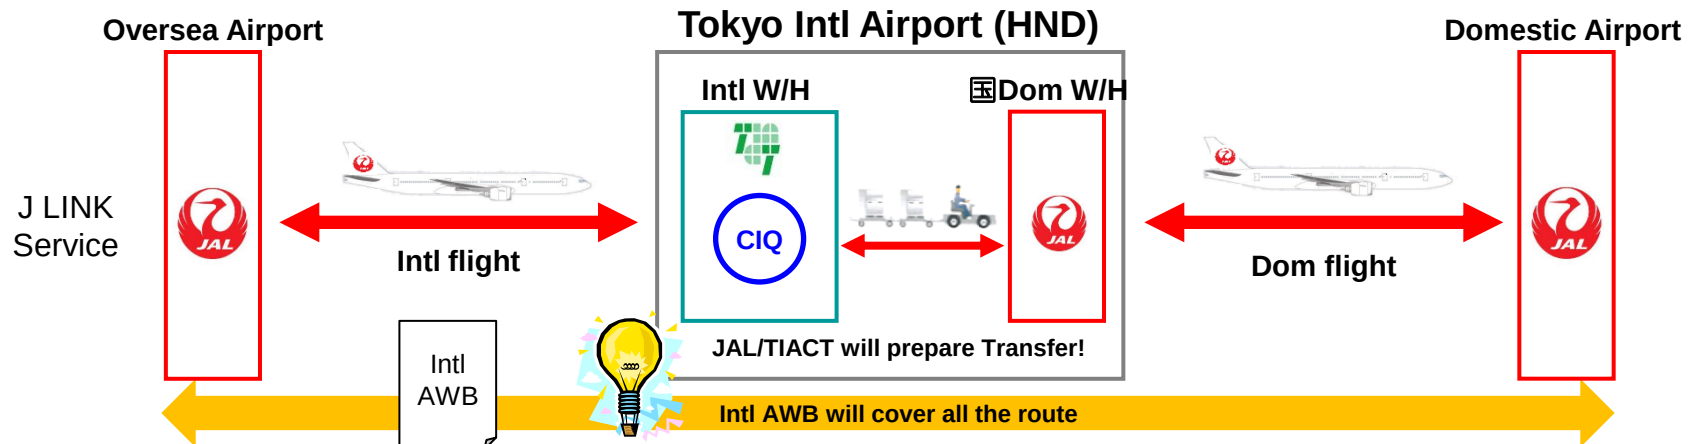

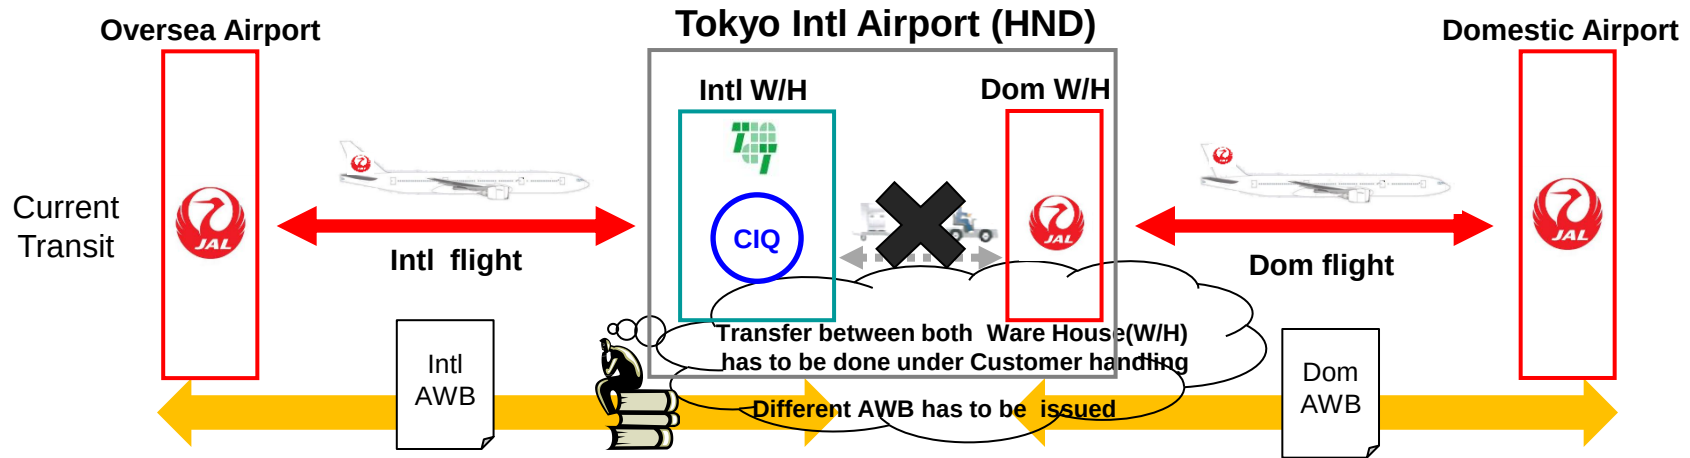

Expanding routes from Tokyo International Airport(Haneda)

Japan Airlines J LINK service Image (Summer 2012 ver.)

* Please refer, latest flight schedule, network, via JALCARGO website .

2. Introduction of J LINK Service

- Transfer between Intl W/H and Dom W/H will be prepared by JAL/TIAC.
- Origin office will prepare Schedule and Space to the Final Destination (Web Trace is also available).
- No need to re-book beyond HND Dom flight after cargo arrived at HND.(Import)
- Cargo which is custom cleared at HND can also be forwarded from each Domestic Airport under 1Intl AWB.(Export)

2. Introduction of J LINK Service

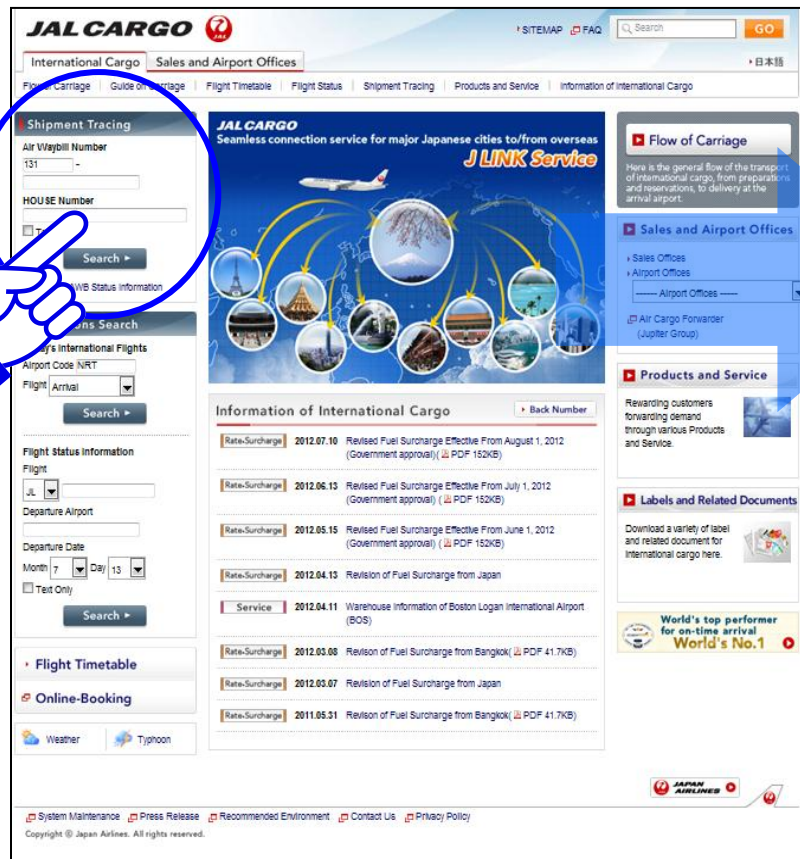

24Hour Web Tracing

→ <http://www.jal.co.jp/en/jalcargo/>

JALCARGO
